About Wind Daughter...

In February 1992, Wind Daughter founded West Winds, a spiritual and educational center for people seeking safety of religious expression and a connectedness to Mother Earth. In December 2004, after years of searching, Wind Daughter located a permanent home for West Winds in Arkansas. She is the Keeper of the Sacred Beta Star Bundle and Caretaker of the Black Lodge. Her teachings are mostly experiential and her gift of song helps people connect with all their relations. She has served as the Medicine Chief of the Panther Lodge Medicine Society, formerly known as The Bear Tribe, since 1995. The Bear Tribe was founded and led by Sun Bear until his death in June of 1992.

Wind Daughter was adopted by Bear Heart in 1996. In 2001, after studying under Bear Heart for many years, he honored her by giving her his permission to conduct Vision Quests in his traditional way and as Spirit guides her for generations to come.

Join Wind Daughter in celebrating the Feminine. We as women are charged with the honor & responsibility of receiving, holding & moving through us the energies between Grandmother Moon & Mother Earth. As the energy of the Earth continues her awakening, we as women are called forth to serve as midwives to this incredible birthing. When we unite with mind, body & spirit to dance, sing & pray the Mother's labor pains will be eased & we will be blessed.

All women are invited to dance. All men are invited to protect & provide for the women during this time of ceremony & commitment. The men are asked to cook and nurture the women. They are asked to escort us to & from the dance ground. They are asked to escort & provide safety to the cave where the women will sleep. They are asked to provide the fire & lodge for the women, & maintain the fire throughout the ceremonial time. They are asked to surround the dance grounds and hold the energy as the women dance, sing & pray.

WE ASK THE STAR NATION TO SHINE DOWN UPON US & GIVE US BLESSINGS.

We are being called to balance the feminine and the masculine in this time of transition so all our relations might live and thrive.

*About
Wind Daughter...*

For eons of time, people of all cultures have sought out days of solitude to reflect, reminisce, pray and sacrifice to make sacred a ceremony for vision. We call upon our ancestors, the ancient ones, as well as our own inner strength and guidance to help us heal ourselves and our world. As a society we have moved away from nature. In doing so, we have severed a part of our own souls. Time alone, "Into the Silence" will give you an opportunity to reconnect.

As you listen for the voice of Spirit, you may find that direction comes from the whispering of the wind, the animals who share their environment with you, the moon and stars above your head, the warmth of Father Sun upon your skin and the very feel and feelings of Mother Earth beneath you, supporting you as she always has. This opportunity may give you the time out that you desperately need - time out from your "doing" to allow time for your "being."

"Into the Silence" allows you to trust the support camp to hold the energy for you, without the distractions of everyday life, so that you can just let go. In that letting go, may come the peace, serenity, answers and direction to move forward and back into your community healed and stronger, yet humble and filled with gratitude. Wind Daughter invites you to come and seek your personal vision through her holding of the Sacred Space as you go "Into the Silence."
